Student Government stays on top.

Have you ever wondered who organized "The Fall Affair Dance", the fantastic activities at Homecoming or Winterwonderland? Have you ever thought about the people who work at the dances, but must pay to enter them? Have you any idea about school spirit, school pride, or

togetherness? Well, if you have never experienced any of the above, maybe it's because you don't know the people behind it all, Student Government.

Student Government is more than just a group of elected Student Body Officers who meet every 2nd period. We work hard to bring school spirit and pride into Westchester. We listen to suggestions and ideas from students and try to work out activities that will please the majority of people. Many students put down Student Government, but they are the ones who don't know what really goes on. These type of people are identified in our body of organization rules which follow: The Body of Organization has four bones. First, there are the wishbones who spend all their time wishing someone else will do the work. Second, there are the jaw bones who do all the talking and little else. Third, there are the knuckle bones who knock everything everyone else trys to do. Fourth, there are the backbones who get under the load and do all the work.

So when you classify a Student Government person always remember we are the backbones who care.

Here we come again.

"Hey, what's keeping you?"

On a bright sunny November day, a group of joggers started out on Westchester High's second annual one hour-all out fund raising Joga-Walka-Thon '79. The joga-walka-thon began with soaring spirits and enthusiasm, and ended with a very tired group of joggers. Contributing to the success of the joga-walka-thon was Ted Dawson, ABC's sportscastor. A very special thanks to Mrs. Blais for all her hard work in making this event a success. Most of all, thank-you joggers. Where would the Joga-Walka-Thon '79 have been without you?

Friends of old, friends of new, People we met, people we knew,

Going together, then torn apart, Always an ending, but then a new start.

At graduation we all grow nearer; All our friends seem so much dearer.

One last embrace, one more cry.

A "keep in touch". A "promise I will", A "remember when", but better still . . .

In my heart you'll always stay, But we must leave now and go our own way.

Students enjoy the noon time band.

Today. Westchester High School; tomorrow, Broadway!

Organization?

#### Concert Band

Although the Concert and Marching Bands are made up of the same people, their musical styles are very different. Concert Band plays marches, overtures, and serious music; while Marching Band plays a more relaxed type of music. Marching Band performed at several parades and competitions, including the All City Competition in which they took fifth place out of 14 schools. The Comet's Marching Band also performed at Dodger Stadium and at Magic Mountain. Concert Band gave a performance from memory in January, playing many different types of music. Long hours of band practice have helped make good friends and good music.

Music? What music?

Due to a cutback in school funds, Orchestra was no longer able to meet daily. Since this dedicated group couldn't be stopped, they met on Tuesday nights to keep the musical spirit of Westchester High School. Highlights of the year included a Guitar Concert, the Spring Concert in April, and the productions "Oklahoma" and "A Circus Fantasy".

The word Madrigal is the name of a type of music played during the Renaissance Age. From then on, the people who sang these songs were called Madrigals. Here at Westchester, the Madrigals are the elite singers of the choir consisting of the four best voices out of each section. Under the direction of Mr. Elg, this talented group performed in the Christmas Show, the Spring Concert, and the S.C.U.A. Madrigal Festival, as well as selections from "Oklahoma" in the Spring Show.

Choir participated in four main events during the year: the holiday show which was entitled "A Circus Fantasy" this year, the Southern California Vocal Association Festival, the Spring Concert, and the spring musical, "Oklahoma."

This year's choir enjoyed a very enthusiastic year of excellent productions. The "musical" spirit was contagious making this a time for all to remember.

Eight weeks before a production, the class begins work putting in hundreds of hours and many weekends working on the sets.

The Thespians performing in the "Interview".

Thespians, one of Westchester High School's oldest clubs, orginated only a few years after the school was built. The Thespians represent Westchester in such competitions as the Fall Festival 1979, The California State Dominguez Festival, and the Long Beach and Valley One-Act festivals. With a reputation for superb actors and actresses, Thespians hope to remain as successful in the future as they have been in the past.

### Graphic Arts

Eric adds ink to the press.

Although the Graphic Arts Class has remained in the background at Westchester, they play a vital part in our school's ability to function smoothly. Using offset lithography, Graphic Arts does all of the printing and occasionally the designing of school programs such as sports programs, play production programs, class selection cards, award certificates, various office forms, and even some printing for local non-profit organizations. They also learn to use a process camera and computer as well as offset presses. Many of the Graphic Arts students are heading toward careers that use their graphic arts knowledge.

### Senators

Student Government is the official link between students and administration for effective cooperation. Elected student officers work with the Senate to promote the general welfare of the student body through their official capacity. The Senate acts as a liason between students and student government. The vice president of student government presides over the elected representatives from period two classes.

Student government serves a dual role at Westchester High School. They put on many of the school wide activities such as Homecoming and Winter Wonderland, and are responsible for representing the student body. This year the student government was one of the most actively involved and the most successful in Westchester High School history. The presidency of Cheryl Newman and Yvonne Kidd was especially noteworthy for their hard work and responsibility.

SENATORS: Row I (I to r) Wendy Kato, Arlene Broussard, Cristy Nelson. Row 2 - Susan Yokoyama, Cathy LeJohn, Mike McKnight, Cheryl Townsend. Row 3 - Stephanie Taylor, Stacy Long, Lynn Murdock, David Abe, Jeff Schleien, Danny Cowan.

### **Knights and Ladies**

Knights and Ladies enjoying Homecoming.

Knights and Ladies offer recognition to outstanding seniors with excellent records of service, citizenship, and leadership. Almost all official school functions such as registration, 1979 Graduation, Back-to-School Night, locker clean-up, and the daily raising of the flag are served by the Knights and Ladies. Through them, the school receives responsible service from able and willing students. The service work completed by this years Knights and Ladies has been exceptional.

Because the Boys and Girls League Presidents are both members of Student Government, they are able to work with the administration and student body officers to promote the interests of the average student. Not only do these groups allow the student to express his or her feelings to the student body, but they also serve as service clubs. Every year, each group has been honored with a week dedicated to each.

The Gabrinians also worked with the Senior Class in making the first Senior Class Cut-a-Thon the success that it was. Much time and effort has been contributed by the Gabrinians in making this the successful school year it has been.

A highlight for the Lettermen this year was a trip to a Los Angeles Laker Basketball Game. This active group can easily be recognized by their letter jackets.

### Student Interaction.

The Student Interaction Club brings about in its members a self-awareness and understanding toward others. The club is open to all students with the purpose being to better relationships between students of all races. "We feel this is important because a productive society needs the input and influence of every culture and group. This creates understanding and unity," commented one member. Activities of this very active club include luncheons with Interaction Clubs from other schools, rollerskating at the beach, museum trips, cultural heritage trips, and open discussions.

Each year, home selection takes place and families are selected to have a foreign student for the year. Student selection also takes place when students are selected to go abroad for a summer or a year. An annual pizza sale is the main support for these programs.

Every year during Easter and Christmas vacations, the club goes on a week long ski trip.

### Newspaper

Editors: Row I (I to r) Larry Statland, Nancy Workman. Row 2 - Eric Dever, Anthony Lawrence.

Staff Writers: Row I (I to r) Karen Phillips, Patti Cronin. Row 2 - Susan Briggs, Lori Masuda, Liz Mulvihill.

This year a spirited student, Larry Statland, succeeded in creating Westchester High School's first newspaper in many years, The Beachcomber. Although the newspaper was discontinued after only two issues, the effort will not be forgotten by students for a long time to come.

Had the newspaper been offered as a journalism elective, success would have been within the grasp of the hardworking editors. As it was, the staff worked on a volunteer basis as would any other club, meeting daily during nutrition.

Hopefully, the effort will not remain unnoticed and will eventually lead to a permanent newspaper. And so, thank-you Larry for a valiant try!

### Senior Class Officers

Remembering the past at Homecoming.

The Senior Class Steering Committee.

Senior Class Officers: Row I (I to r) Lisa Mayer, Margaret Bové. Row 2 - Yvonne Kidd, Phylis White, Melinda Ounjian, Stacy Spagon.

What a year! It began with a Senior Painting Party and continued with the Senior Most Dance, a Homecoming Float, the Halloween Monster Mash, a Senior Holiday Luncheon, A Senior Picnic, THE PROM, and ended with grad night in June. To support all these activities, fundraisers included the Senior Cut-A-Thon, Senior Night at Shakey's, Senior Dues Cards, Senior Sweaters, and Buttons and Inventory at Department Stores. What a year!

### Junior and Sophomore Class Officers

The junior year was a busy time for the Junior Class Steering Committee with much time and effort going into the planning of their Senior Prom. Although the planning of the prom was the major project, class colors and a class motto must also have been decided upon. Other activities and fund raisers have included homecoming, the senior luncheon and a Valentine's Day Dance.

Junior Class Officers: Row I(I to r) Robin Lawrence, Kelvin Davis, Julie Kuamme. Row 2 - Lavonn Neal, Beth Greene, Doug Horton, Shonté Clayton, Valerie Brown, Kim Lowe.

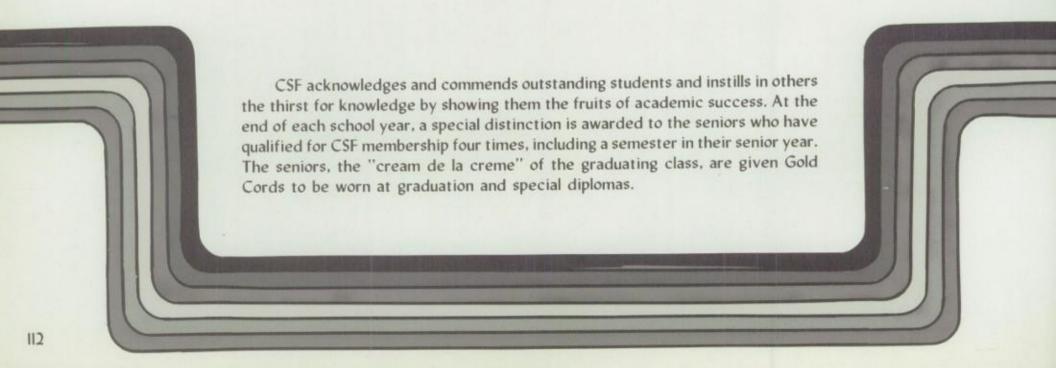

The activities of the sophomore class are limited, but a steering committee offers sophomores an opportunity to air their feelings and opinions through the Sophomore Class Steering Committee. The goal of the steering committee was to obtain recognition and identity among the student body and the administration.

This year's Varsity Football team accomplished something that had not been done since 1976, that was qualifying for the City Playoffs.

Led by Guy Ortega on defense, Steve Katz, Donovan Carter and Bruce Jones on offense with Rob Profumo, David Nash and Mark Naipo going both ways, the team finished second in their first year in the Freeway League. They had an almost "perfect" game against University in the opening round then lost to Chatsworth in the semi-finals. It was a fine conclusion to Coach Paul Greve's twenty-five year coaching career.

### Bee Football

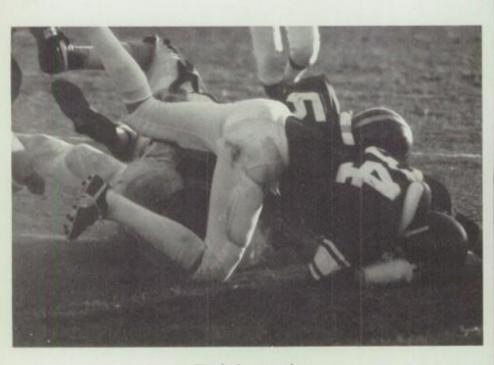

Troy McSwain, Dean Boyd, Aaron Sexton, and Edgar Witherspoon.

The Westchester High School Bee Football Team had an excellent season with seven wins and two losses. The second half of the season was particularly successful as the Bees demonstrated their immense capabilities in football. Van Nuys, Narbonne, Jefferson, Franklin, Marshall, and Locke High Schools were left in awe as our triumphant Comet players continued to play to the best of their ability,

executing one touchdown after another. Ward Ogata and Robert Smotherman were the most valuable players on the team.

That's far enough.

### VARSITY BASKETBALL

After several heartbreaking one point losses in the strong city-west league, the varsity bounced back and, via a play-off game defeated Dorsey, and went on into city play-offs before being eliminated in the guarter finals.

on into city play-offs before being eliminated in the quarter finals.

This year's Varsity squad, probably the strongest in Westchester history, finished the season with a Il-5 win-loss record and was made up of 7 seniors and 3 juniors. Co-MVP's Renee Avelino, jr. and jr Yvette Lewis led the Comets. Renee was the team's top scorer and rebounder. Juniors Lisa Tyler and Kim Ruddins shot well and assisted on the boards while senior co capts. Carole Johnson's and Kirsten Frazer's ball handling and defense were indispensable to the team's success. The bench strength, with Roz Crear and Debbie Miyagishima's ball handling, Bridgette Scott's center play and Carlotta Rodriguez-hustle were instrumental in the teams victories.

### J.V. BASKETBALL 1979

The Westchester J.V.'s breezed through the league until running up against a much improved Dorsey team in the second round of league play. In the play-off game to determine league champions the J.V.'s again were edged by Dorsey. Westchesters record was II and 3 overall.

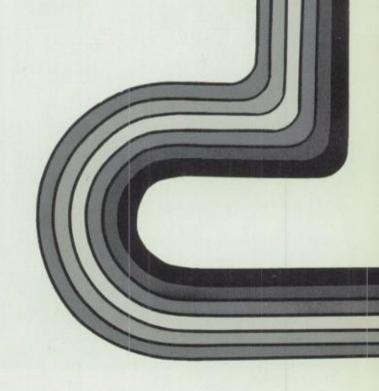

The comets were led by a most improved returning Nina Alivera, captain, whose inside shooting and rebounding were one of the mainstays of the team's attack. Most Valuable Player, sophomore Cindy Oune, was the spark plug and floor leader. Her quickness, steals, and assists contributed greatly to their winning season.

The 1980 Westchester High School Basketball Team had an outstanding season and proved itself to be very competitive despite the fact that they played one of the toughest Basketball schedules in the city. Having played every top team in the city, the Comets finished the year with an eight out of thirteen overall record. The team, led by the outstanding plays of Stan Settle and Eric Sease, finished fourth in the league, but lost the very exciting first round playoff game to Banning.

Margaret finished second in the western league cross-country finals. She was the individual winner in six of her seven races. The outstanding tenth grade runner was David Withers. David finished sixth in the western league finals and led his team to third place. This years tenth grade team was the best tenth grade team in Westchester High's history. After winning both the city and state championships last year, the 1980 Comet women, hurt by graduation of last year's outstanding seniors, were relatively young and inexperienced.

Nevertheless, the Westchester women attempted to carry on their winning tradition. Led by seniors Marcia Robinson, the only returning member of last year's city and state championship 440 relay team, city finalist shot putters, Roz Crear and Carole Johnson; juniors Margaret Garstka, outstanding distance runner and Laurie Varner, half miler. Others who contributed greatly in several events were sprinters Janine DeWitty, Robin Waddy, and Lisa Walker. Ms. Moroney - COUNSELOR

At Westchester High School the counselors serve a vital role in the total environment which students, hopefully, will be immersed in for their three years here. No part of a student will go unaided. Counselors set the class schedules, aid in keeping class sizes tolerable, help students plan effective school, college and career programs so that, in general, students get the most out of their high school experience.

Counselors are so often open ears to talk to . . . truant officers, family helpers. They are understanding, yet they stand firm in expecting the best from us.

The reduction of teaching personnel has forced the counselors to return to teaching in the classroom. Now, students who might have been distant to their counselors feel the counselors are more in tune with the classroom problems.

#### Administration

This has been a year of accreditation, a time we evaluate ourselves and our school. Our evaluation showed that Westchester High School has an excellent school plan, a staff of capable, dedicated teachers and receptive, academically prepared students. These things are a good start. A foundation from which we can work toward perfection.

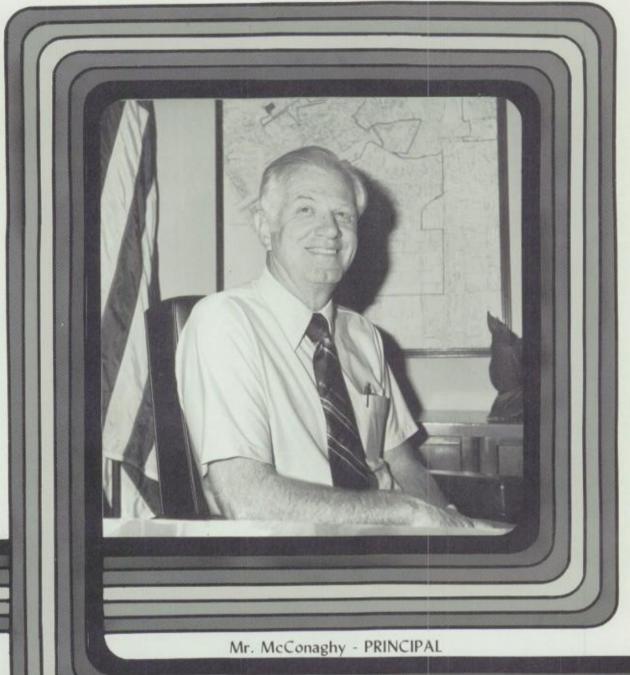

How do we start? What about using our school motto or a guidepost? Can you think of a better phrase to use as our beacon for the future than the words, "Achieve With Honor"?

#### WHS's "Picture of Health".

Many schools can claim "budding talent", but how many can claim an actual television celebrity in their midst? Westchester can proudly claim such, as Ms. Barbara Herlocker will modestly attest to. You see, Ms. Herlocker co-hosts a nationally syndicated, daily TV program which incorporates the best of whole-health, or holistic, living techniques into an informative, wide-ranging format, and entertaining smorgasbord for

both mind and eye.

Called THE PICTURE OF HEALTH, the show features a news/magazine format and covers a wide sphere of pertinent, note-worthy topics, with as many as eight different segments in each show. Viewers can watch the show, see authoritative guests express their opinions on health, and not feel as though they are being belittled because they are neither physicians nor specialists in the field. Both Ms. Herlocker and her co-host, Don Chellew, exude a vitality which makes their approach to health, the holistic — or the health of the mind, soul, as well as body — approach which is more realistic and acceptable. From organic cooking to meditation to massage and more, the viewer sees the many alternatives now available in the health world and is motivated to choose his or her own course.

Ms. Herlocker's program airs 6:30 a.m. on KHJ-TV, Channel 9, before life, as we know it, begins at Westchester. To Ms. Herlocker, who, along with Mr. Chellew, conceived the program concept two years ago, it is a great way to start the day. Teaching, of course, is just one of her many talents, and her list of "credits" — Fulbright Scholar, physiologist, all-round example of good health, to name a few — would cover several pages. Be well, live healthy and positively — Ms. Herlocker practices what she preaches! We at Westchester proudly present . . .

As no man is an island unto himself, the personnel involved with Special Services help make life at Westchester more liking to life anywhere else. A student can earn money and experience working through Work Experience, find career and occupational training information through the Career Advisor, watch a athletic activity without fear thanks to the Athletic Coordinator, and, of course, the school Nurse is always ready to determine whether a person's illness may slightly be related to that test next period, as well as coordinate health approvals for athletes.

All services, from the Library to the Finance Office, are available whenever a student feels the need for them. In this, Special Services are very special!!!

### Teachers

We, the students of Westchester High, are very lucky to have one of the world's greatest resources right under our classroom - rooftops; yes, the teaching staff of WHS. This lovable group of devoted maniacs are much more than just "teachers." They also serve as career informants act as surrogate moms and dads, be sympathetic blankets to tell of our deepest secrets. Many of the teachers this year were asked to do a little more in serving to educate us, and it is because of this concern shown for the students that all teachers, we feel, have given just a little more than was expected. It is because of the genuine love of this staff that we introduce this question: "Have you hugged your teacher today?"

Aides are the ones who keep the halls quiet when you're taking a test and refuse to let you go to your locker during class time, even if it's an emergency. They let you walk halfway through the building then make you turn around and go out the door you entered. Another job is to keep the lunch lines under control and not let a friend buy your food. Aides are the ones who try and keep the campus as calm and peaceful as possible.

Numerous faces asking for food is a daily sight for the cafeteria personnel. Their job is harder than you think. It is difficult to please close to 1,700 students. The food isn't as bad as everyone makes it out to be, in fact, most of the time it's actually rather tasty.
